## MAJOR CHANGE TO REC SWIM GUIDELINES

Oregon Pool Code OAR 333-062-1000 –  
6.4.2.2.3(14)

Effective since 2/2/2026 the guidelines for public pools changed significantly. The law now requires **minor swimmers under the age of 14 to be under the direct supervision of a person aged 18 years or older**, in order to swim in a public pool.

These updated Aquatic Facility rules provide clear language that aligns requirements from multiple Health Authority organizations in Oregon.

Going forward the Greater Toledo Pool must be following this requirement. Swimmers under 14 will not be allowed to swim independently without this direct supervision. Any questions ask at the Front Desk. Thank you!
